- 8:45 am– 9:45 am **Project Delivery Methods – Kyle Majchrowski, OHSU**
Sponsored by Environments
Owners have a choice when it comes to how to deliver capital projects. There are many delivery methods in use today, though nearly all of them are variations of four common methods. These 4 delivery methods will be presented, including an overview, point of view from the delivery team members, benefits, risks, and philosophy behind each approach. There is not a “one size fits all” when selecting a project delivery method, and this overview will provide a basis of understanding of the major methods available in the market today.
 - Understand the basics in regards to DBB, DB, IPD, and CMAR
 - Learn the factors to consider when attempting to determine which method to use
 - See samples of multiple delivery processes in action
- 9:45 am – 10:15 am Break/Networking in Exhibit Area **(Door prize drawing)**
Break sponsored by Commercial Air Filtration
- 10:15 am – 11:15 am **Planning and Developing the Business Case – Megan Shank, Kaiser Permanente**
Participants will explore the importance of the business case and how it is affected by:
 - strategic choices, service changes, growth drives need for capacity, executive choice...
 - engagement with leaders and operations to define scope of work
 - process KP uses to develop a business case, roles we expect different groups to play and deliverables

11:15 am – 12:15 pm **Selecting the Team and the RFP Process – Christine McKinley, Whole Building Solutions**

Session sponsored by Clima-Tech Corporation

How do you procure and maintain a design and construction team that will deliver what you need – even when you are too busy to manage them?

- *best processes for the timing and content of RFPs.*
- *strategies for assembling the right team of contractors and subs*
- *ideas for solidifying your selected team into a cohesive unit*
- *options for buying services for a Design-build MEP*

12:15 pm – 2:00 pm Lunch/Networking in Exhibit Area (**Door prize drawings**)

2:00 pm– 3:15 pm **Design Phase Activities and Managing the Process – Thane Eddington, PKA & Scott Harris, JRJ Architects**

Session sponsored by Andersen Construction

Door Prize Drawing

3:15 pm – 4:15 pm **Construction Services – Mark Horton & Jeff Slinger, PE – Senior Project Managers, Andersen Construction**

Session sponsored by OEG, an MDU Resources Group, Inc. Company

Participants will understand the preconstruction process and learn about technology in construction:

- *Scanning that captures existing conditions*
- *Web based close-out/O&M information*
- *Understand optimal times for owner/user input*

4:15 pm – 6:00 pm Social/Networking Reception in Exhibit Area – spouses welcome

Social Sponsored by Quality “Plus” Services, Inc. and JB Oregon

Door prize drawings

Friday, October 2nd

7:00 am – 8:00 am Breakfast/Networking in Exhibit Area (**door prize drawings**)

8:00 am – 9:00 am **Hospital Licensing – Bwalya McCormick, Oregon State Hospital**

The course will provide attendees with the groundwork for what work goes into getting a medical facility appropriately licensed and approved for opening by the state of Oregon’s regulatory agencies. Points to be covered:

- *Application Process*
- *How to Prepare for Surveyor visit*
- *Documentation*
- *Communication (internal and external)*

Door Prize Drawing
