10:00 am – 11:00 am Humidity in OR's Documentation per NFPA

Presented By: Dan Swanson, McKinstry

Cascade EF

How do we develop “regional best practices” and protocol to meet CMS and TJC requirements to control humidity in sensitive areas . There is a need to consider that CMS/TJC may have different interpretations of requirements from local AHJ and SFM. What waiver has the organization accepted to define acceptable ranges. All this needs to be considered within the evaluation of proposed options, alternatives or final recommendations for Hospital executive team decision process including; cost, risks and impacts.

Sponsored by Hatch+Med

11:00 am – 12:00 pm Integrating Mechanical and Electrical Trades in Health Care Fire Life Safety Systems

Presented by: Creighton Kerns, Total Mechanical;

Curt Hinck, Simplex Grinnell; Mark Peckover, PE, Sparling

Cascade EF

Many healthcare facilities have adequate Fire Alarm and HVAC/BAS Systems but in most cases, these systems are not well coordinated between disciplines, and the results can be damaged mechanical systems, poor containment of smoke/fire, or building wide shutdowns that are unnecessary. Focusing mostly on existing facilities, this presentation provides tools for assessing problems and implementing fixes so these systems perform truly as an Integrated FLS system.

Sponsored by SimplexGrinnell

12:00 pm – 1:15 pm Lunch & Networking/Exhibit Hall

Door Prize Drawings

Cascade A, B, C, J, and D

1:15 pm – 2:30 pm **ASHE Update & Presentation**
Presented by: Chad Beebe
Cascade EF
 Chad will update us on issues affecting healthcare facility operations and on how ASHE/AHA leadership is representing interests for healthcare and the built environment.

2:30 pm – 2:45 pm **Break/Exhibit Hall & Networking**
Door Prize Drawings
Cascade A, B, C, J, and D

2:45 pm – 3:30 pm **Legislative Update**
Facilitated by: Andi Easton, Associate VP of Government Affairs & Advocacy at Oregon Association of Hospitals and Health Systems
Cascade EF
 Andi will discuss current legislation issues that affect our industry.

8:30 am – 9:30 am **Mock Survey's - Top 10 List: Ron Neet, Life Safety & Environment of Care Manager at Providence Health & Services**
 Ron will take us through the CMS survey experience and help increase our awareness of the hottest items of concern.
Cascade EF
Sponsored by Andersen Construction

9:45 am – 10:15 am **Break/Exhibit Hall & Networking**
Door Prize Drawings
Cascade A, B, C, J, and D

10:15 am – 11:00 am **Improving Outcomes Through Engagement of Healthcare Technology Management**
Presented by Valdez Bravo, VA Portland Health Care System
Cascade EF
 This presentation will highlight the value that adding HTM (Clinical Engineering, Biomed, Med Maintenance, etc.) to decision-making, strategic planning, and other hospital change processes can bring, adding value in the form of increased cost savings, quality, safety, and access. It will be geared towards Healthcare Facilities Engineers and Administrators involved in this scope of healthcare operations.

11:00 am – 12:00 pm **Closing Remarks & Raffle**
Cascade A, B, C, J, and D
 Note: Due to attendee feedback, we will be foregoing box lunches this year and allow everyone an early start to their weekend. Please drive safely!
