Dear OSHE Members,

As we wrap up another outstanding year, I want to take a moment to personally thank each of you for your commitment, engagement, and support of the Oregon Society for Healthcare Engineering.

This year has been filled with meaningful collaboration, professional growth, and a shared dedication to advancing healthcare facilities across our state. Your involvement—whether through attending events, serving on committees, mentoring others, or contributing your expertise—has truly made a difference.

I'd also like to extend a special thank you to everyone who helped make our Spring Conference such a success. From our speakers and sponsors to our volunteers and attendees, the energy, knowledge-sharing, and sense of community were incredible. It was not only informative but genuinely fun—exactly what makes OSHE so special.

As my term as President comes to a close, I am honored to pass the leadership on to Mariah DiDomenico, whose dedication, experience, and passion for this organization will continue to move OSHE forward. I look forward to supporting Mariah and the board in my new role as Past President and remaining actively engaged in the work we do together.

We continue to grow stronger as an organization because of members like you who are passionate about what you do and willing to invest in each other. I am proud to have served as your President and grateful for the opportunity to work alongside such an exceptional group of professionals.

Thank you again for a fantastic year. I look forward to everything we will accomplish together in the year ahead.

With appreciation,

Robin Greene
